We are planning to offer a contactless meal delivery service in Banwell for those who are self isolating and anyone else who needs it. We will deliver a wholesome meal which is freshly prepared and ready for you to re-heat in your own home.

Example meals: Cottage Pie served with Carrots & Broccoli

Fish Pie served with Broccoli and Garden Peas

Beef & Vegetable Stew topped with Herby Dumplings

Lasagne served with garlic bread and side salad

Our meals will be dependant on what ingredients we can source from our suppliers and we will let you know what the daily menu will be once we have this information. Allergen information will be highlighted on each meal but we would ask that you speak to us about your specific dietary requirements

We are working towards the meals being priced at £5.00 to £7.00 per portion and will keep this pricing under constant review and as demand increases we will pass any savings we are able to make onto you.

CONTACTLESS DELIVERY AND PAYMENT:

We will endeavour to deliver at a allotted time for regular customers. For occasional customers we will advise of an estimated delivery time when your order is placed. We will place the packaged food on your doorstep, knock on the door and move away. Cash payments can be left at the door once you have received your food delivery or via bank transfer prior to delivery. Once we have seen you collect your food we will leave, having checked that all is well with you!

We can also deliver freshly made bread and other baked goods which are all prepared in our well-equipped, commercial kitchen which is five star rated with the local authority.

Please contact us if you require any further information.
