

In view of the Coronavirus outbreak and the restrictions being imposed on movement we have decided in the short term to cease to operate our minibus services.

However, we are concerned that there may be isolated elderly people in the areas in which we operate and are contemplating setting up a service for them.

This would help to collect shopping and medication for them.

These would be provided in Churchill, Langford, Banwell , Winscombe and Sandford.

If there is anyone who might like to use the service then please ring Trevor on 01934 852589.

Equally if you are interested in helping with the driving then please give us a ring
